## A Message from Chief Humphreys

### *Jackson Police Department*

#### *Mission Statement*

*The purpose of the Jackson Police Department is to provide the citizens of the Community of Jackson with the state-of-the-art law enforcement services in a timely and efficient manner: to serve all citizens with the highest degree of professionalism, respect, integrity, and courtesy: to provide emergency response, patrol, and investigation services in a manner to protect the innocent, convict the guilty, and maximize the safety of our streets and neighborhoods.*

As I look back on the events of 2016, I can't be prouder to serve as the Chief of Police in Jackson, MO. 2016 was a year once again marked by anti-police protests and violence across the country, but as always the Jackson community stepped up and expressed their gratitude and appreciation of our officers in every way imaginable. From tasty meals to cakes and donuts, prayers, thank you notes, and even local businesses and our great school district displaying signs saying they Back the Blue and Stand behind JPD, our spirits were lifted by the overwhelming support we received and continue to receive every day.

Even against the backdrop of violence nationwide, the men and women of the Jackson Police Department continued to serve the citizens of Jackson without fear, pledging to keep each and every one safe while in turn placing themselves in harm's way on a daily basis. Being a Police Officer is definitely a calling, and just like our military, those who accept that call are due the utmost respect and gratitude from the community they serve, and fortunetaly, we see this almost every day in Jackson. The men and women of the Jackson Police Department are proud to serve our citizens of Jackson. It's nice knowing our citizens are proud of their police department and of the officer's who have been chosen to wear the badge.

We have prepared this report to help you better understand what your police department generates in terms of numbers and types of incidents encountered as we answer the law enforcement demands of your community.

The year 2016 continued our compliance as a nationally accredited agency through CALEA (Commission on Accreditation for Law Enforcement Agencies). Simply put, this means your department is guided by and adheres to the best practices and standards available to law enforcement.

On a personal note, we will not be merely satisfied with the achievements of the past year. We will focus on the future of our agency and the safety of our community. The next year and beyond will offer many challenges in the growth and diversity for our community and our agency. We must all work together to meet these challenges and to insure our continued success in meeting the public safety needs of this great city. I also officer my humble appreciation to the citizens, the Mayor and Board of Alderman, the city staff, and to the employees of the Jackson Police Department for the honor and privilege to serve as your Chief of Police.

Sincerely,

James M. Humphreys  
Chief of Police

## Law Enforcement Code of Ethics

*As a Law Enforcement Officer, my fundamental duty is to serve mankind;  
to safeguard lives and property; to protect the innocent against deception, the weak against  
oppression or intimidation, and the peaceful against violence or disorder, and to respect the  
Constitutional rights of all men to liberty, equality and justice.*

*I will keep my private life unsullied as an example to all; maintain courageous calm  
in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the  
welfare of others. Honest in thought and deed in both my personal  
and official life, I will be exemplary in obeying the laws of the land and the regulations of my  
department. Whatever I see or hear of a confidential nature or  
that is confided to me in my official capacity will be kept ever secret unless revelation is  
necessary in the performance of my duty.*

*I will never officiously or permit personal feeling, prejudices, animosities or friendships to  
influence my decisions. With no compromise for crime and with relentless prosecution of  
criminals, I will enforce the law courteously and  
appropriately without fear or favor, malice or ill will, never employing unnecessary force or  
violence and never accepting gratuities.*

*I recognize the badge of my office as a symbol of public faith and I accept it as  
a public trust to be held so long as I am true to the ethics of the police service.  
I will constantly strive to achieve the objectives and ideals, dedicating myself  
before God and to my chosen profession... law enforcement.*

In the accomplishment of our mission, we depend upon a partnership among citizens, elected officials and City employees.

Toward that end, we adopt the following as our organizational values, which are our beliefs that guide this Organization and its members.

- I. HUMAN LIFE
- II. INTEGRITY
- III. PROBLEM SOLVING
- IV. PROFESSIONALISM
- V. ACCOUNTABILITY
- VI. CONSTITUTION and LAWS
- VII. COOPERATION

- I. The Jackson Police Department shall protect HUMAN LIFE and property. We shall be in partnership with the community of Jackson in policing activities and maintenance of the quality of community life.

The Police are public safety professionals who serve as the community's key resource regarding problems of crime, citizen protection, and the quality and protection of life. The protection of life is a profound duty, which constitutes a heavy responsibility entrusted to each officer. The Police Department and community must share equally the responsibility for developing a safe and orderly environment. We believe a lawful society is a matter of individual responsibility. In reaching these goals, the Police Department must allow the community, access to law enforcement operations and policy-making decisions.

- II. The Jackson Police Department believes INTEGRITY is the basis for community trust.

The Jackson Police Department promotes honesty above all. Loyalty to our department and profession are an important part of our values, but in order to maintain community trust we must promote honesty with our values, as expressed in our standards such as our mission, code of ethics and standards of conduct.

- III. The Jackson Police Department believes in PROBLEM SOLVING. We are most effective when we help identify and solve community problems.

The department's primary focus is crime prevention. However, we are public servants ready to serve and help the community with all problems within the limits of our sworn duties. The Police Department is committed to move aggressively toward the arrest and prosecution of the perpetrator of any crime and resolution to community problems.

- IV. The Jackson Police Department values the spirit of PROFESSIONALISM.

The Police Department expects, and will demand that an individual officer's conduct, appearance, and demeanor always reflect a professional attitude and that an equal enforcement of the law be applied toward all citizens. A professional attitude should be free of personal bias and should reflect a commitment to the department and community. As a Police Department, we encourage and support professional and personal growth through training and education.

- V. The Jackson Police Department believes in ACCOUNTABILITY.

The Police Department expects individual responsibility in our community and from our members as well. Our members shall accept full responsibility for their attitudes, behaviors, and the results of their behaviors on duty as well as off duty. Those of us that wish to hold the honor of a public position and enjoy the privileges of public trust share the responsibility of conducting ourselves in a manner that does not bring public image or trust into question.

- VI. The Jackson Police Department will uphold the CONSTITUTION of LAWS.

The Jackson Police Department will provide equal service to all through impartial administration and adhering to the principles of fundamental fairness. The safeguarding of individual rights and freedoms afforded our citizens by the Constitution, Missouri Statutes, and Municipal Ordinances will be upheld.

## CALEA-International Accreditation

Dedicated to the concept of excellence in public service, the Jackson Police Department initially committed itself to accreditation in 2005. Following an extensive self-assessment process and on-site examination by a team of CALEA assessors, the department was accorded its initial accreditation on March 15, 2008. Since that time, department personnel have maintained full compliance with CALEA standards and successfully undergone re-accreditation reviews. CALEA is a three (3)-year process during which the department must adhere to strict international guidelines of policing and organizational practices. Two (2) outside assessors reviewed policies and examined procedures to verify compliance with internationally set standards. Citizens are given the opportunity to voice their opinions about the department and their efforts in retaining accredited status. The Jackson Police Department was awarded reaccreditation in March of 2011 and March 2014.

## Audits Performed by Outside Agencies

On October 23, 2016 thru October 25, 2016 a team of assessors from the Commission on Accreditation for Law Enforcement Agencies, Inc. (CALEA©) examined all aspects of the Jackson Police Department's policies, procedures, operations, and support services. The assessment team was composed of public safety practitioners from similar, but out-of-state agencies. The assessors reviewed written material, interviewed individuals, and visited officers and other locations where compliance can be witnessed.

The assessment team will now file a report with the CALEA© Commission on the Jackson Police Department's ability to comply with CALEA standards. In March of 2017, members of the Jackson Police Department will then appear before the CALEA© Commission, who will then decide if the agency is to be granted their 4<sup>th</sup> accreditation status.

## CALEA History and Purpose

The Commission of accreditation for Law Enforcement Agencies (CALEA) was initially created in 1979 to develop a set of management and operational standards designed to promote increased professionalism within the law enforcement community. This effort was led and supported by the International Association of Chiefs' of Police (IACP). The National Organization of Black Law Enforcement Executives, the Police Executive Research Forum, and the National Sheriffs' Association.

## Benefits of Accreditation

Specific and general benefits that may be derived from the accreditation process are:

### 1. Departmental Status in Law Enforcement Community

It is incumbent upon the department to maintain its historical status in the region by adhering to the highest possible standards. This is particularly apt when other first tier municipal police agencies have elected to follow our lead.

### 2. Legal Liability

The adoption and maintenance of stringent operational standards, such as "Use of Force, Pursuits, Racial Profiling, Grievance Procedures, etc.", coupled with currently established analysis reports, audits and inspections, greatly lessen the department's exposure to public criticism and potential civil liability.

### 3. Improved Public Service and Image

By establishing a variety of community service programs, a comprehensive code of conduct, and a standardized, well documented citizen complaint process, the department not only illustrates its desire to be responsive to public needs and concerns, but also identify potential personnel problems and training issues.

### 4. Supervisory Accountability

The various CALEA mandated inspections, reports, and reviews serve to ensure that commanders and supervisors area held accountable for those activities for which they are responsible, and that they have a duty not only to the organization but to their personnel as well.

### 5. Consistency in Department Operations

Well-defined policies and procedures, coupled with supervisory accountability, are designed to ensure that the application of enforcement, disciplinary, and regulatory power are effective, while being fair and equitable to both the general public and department staff.

### 6. Improved Management

The time-sensitive inspections, reports, audits, and analysis required by CALEA provide management with a useful tool to review facilities, equipment, personnel, training, and operational procedures. This allows for an evaluation of the department's current state of readiness, the identification and correction of deficiencies, and as a foundation for budget planning.

### School Resource Officers for School Year 2016-2017

The School Resource Officer Program (SRO) is a nationally accepted program involving the placement of law enforcement officers within the educational environment. Each officer is involved in a variety of functions aimed at prevention. In addition to being an active high profile law enforcement officer, the SRO is a resource for students, parents, teachers, and administration regarding law issues.

Another duty for the SRO is being a link to other service agencies that provide preventive and counseling services within the school district. Working hand-in-hand with the principal in each school, the SRO assist with solutions to problems afflicting today's school age children.

The SRO is a proactive approach to deal with the pressures that today's youth finds itself having to confront. This includes the use of alcohol, drugs, and tobacco, along with peer pressure. These issues are not solely in the schools, but exist in the community as well. The approach of addressing these issues only in the school, or only in the community, has not been completely effective. Traditionally, police and schools did not interact until one called upon the other.

Jackson Police Department has two School Resource Officers assigned to the Jackson R-2 Public Schools. Officer Alex Broch is assigned to Jackson High School, South Elementary, East Elementary, Gordonville & North Elementary and Officer Chad Ludwig is assigned to Jackson Jr. High School, West Lane Elementary, Orchard Elementary, Jackson Middle School and Millersville Elementary.

Jackson's School Resource Officers are a certified SRO through the National Association of School Resource Officers.

These officers participate in all schooling and training programs of the MCS Investigators. The Major Case Squad was formed in 1983. The Squad combines the best criminal investigators from all local law enforcement agencies into one (1) organized unit. The mission of the MCS is that it will assist in providing an expeditious solution to the more serious types of crime, including murder, aggravated assault, robbery, rape, burglary, and others of a magnitude constituting a county threat. The Major Case Squad allows local law enforcement agencies to pool investigative resources and manpower in an efficient and effective manner to provide the type of saturation investigation often essential in solving major crimes.

All law enforcement officials in Cape Girardeau/Bollinger County agree that the formation of the Major Case Squad was the best thing to happen to law enforcement in Southeast Missouri in many decades. Although, the personnel has changed over the years, the Major Case Squad continues to reflect the best and the brightest criminal investigators in Southeast Missouri.
