INDEPENDENT AUDITORS' REPORT

To the Mayor and Board of Aldermen
City of Jackson, Missouri

Opinions

We have audited the accompanying modified cash basis financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Jackson, Missouri as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Jackson, Missouri as of December 31, 2024, and the respective changes in modified cash basis financial position thereof for the year then ended in accordance with the modified cash basis of accounting described in Note 1.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Jackson, Missouri and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 1, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the

financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Jackson, Missouri's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Jackson, Missouri's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Jackson, Missouri's basic financial statements. The budgetary comparison information and the combining and individual non-major fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the budgetary comparison information and the combining and individual non-major fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the Statement of Revenues, Expenses, and Changes in Cash Balance – Unaudited – Jackson Municipal Band but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 27, 2025, on our consideration of the City of Jackson, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Jackson, Missouri's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Jackson, Missouri's internal control over financial reporting and compliance.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Mayor and Board of Aldermen
City of Jackson, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Jackson, Missouri, as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the City of Jackson, Missouri's basic financial statements, and have issued our report thereon dated May 27, 2025.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Jackson, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Jackson, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Jackson, Missouri's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Jackson, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

STATEMENT 4-A

CITY OF JACKSON, MISSOURI

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES TO THE STATEMENT
OF ACTIVITIES - GOVERNMENTAL FUNDS

For the Year Ended December 31, 2024

Excess (Deficiency) of Revenues Collected and Other Sources Over (Under) Expenditures Paid and Other Uses (Statement 4)	\$ 190,558
--	------------

Amounts reported for *governmental activities* in the
statement of activities are different because:

Government funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets are allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation expense exceeded capital outlays in the current period.	1,185,716
---	-----------

Donated items are not reported in governmental fund financial statements but are included in government wide statement of activities.	289,540
---	---------

In the statement of activities, only the loss on the sale is reported, whereas in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the cost of the item sold.	(202)
---	-------

An internal service fund is used by management to account for the usage of fuel from each fund.	<div style="border-top: 1px solid black; display: inline-block;">5,028</div>

\$ 2,509,261

See Accompanying Notes to the Basic Financial Statements.

CITY OF JACKSON, MISSOURI

NOTES TO BASIC FINANCIAL STATEMENTS

December 31, 2024

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

As discussed further in Note 1.C, these financial statements are presented on a modified cash basis of accounting. This modified basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements.

A. The Reporting Entity:

The City includes all funds relevant to the operation of the City of Jackson, Missouri. Control is determined on the basis of budget adoption, taxing authority, funding, and appointment of the governing board. All operations of the City are directly controlled by the Board of Aldermen. Separately administered organizations (Jackson Municipal Band) are reported as supplemental information. Transfers only from the City of Jackson to Jackson Municipal Band are included on the books of the City. The financial statements of the City include all funds controlled by the Board based on the following criteria.

The reporting entity consists of the City (primary government) and its component units. Component Units are legally separate organizations for which the City is financially accountable or other organizations whose nature and significant relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. Financial accountability is defined as the appointment of a voting majority of the component unit's board, and (a) either the City's ability to impose its will on the organization or (b) there is potential for the organization to provide a financial benefit to or impose a financial burden on the City.

The basic financial statements include the financial statements of the Park Board, Police Benevolent Fund, Fire Benevolent Fund, and the Jackson Community Outreach Board as blended component units. The blended component units are, in substance, part of the City's operations, and so data from these units are combined as departments of the City's General Fund.

B. Basis of Presentation:

Government-Wide Financial Statements

The Statement of Net Position and Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, inter-governmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitutes its assets, liabilities, fund equity, revenues, and expenditures. Funds are organized into two major categories: governmental and proprietary. The City presently has no fiduciary funds. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the City or meets the following criteria:

1. Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10% of the corresponding total for all funds of that category or type, and
2. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5% of the corresponding total for all governmental and enterprise funds combined.

The funds of the financial reporting entity are described below:

Governmental Funds

General Fund - The General Fund is the primary operating fund of the City and is always classified as a major fund. It is used to account for all activities except those legally or administratively required to be accounted for in other funds.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources that are either legally restricted to expenditures for specified purposes or designated to finance particular functions or activities of the City. The City reports the following Special Revenue Funds as nonmajor funds:

<u>Fund</u>	<u>Description</u>
Road Use Tax Fund	Accounts for gasoline excise tax and special taxes legally restricted for street improvements.
Storm Water Maintenance Fund	Accounts for receipt of storm water credits related to certain types of new constructions restricted for storm water facility maintenance.
Inmate Security Fund	Accounts for receipt of municipal court costs and fines restricted for inmate security.
Health Insurance Fund	Accounts for the costs incurred by the City to provide employee health insurance.

Economic Development Fund	Accounts for reserve funds to encourage regional economic development.
Community Development Block Grant Fund	Accounts for CDBG award funds to cover expenses of CDBG projects.

Capital Projects Funds – Capital Projects Funds are used to account for resources restricted for the acquisition or construction of specific capital projects or items. The reporting entity includes the following capital projects funds that are reported as nonmajor funds:

<u>Fund</u>	<u>Description</u>
I-55 Allocation Fund	Accounts for the receipt of payments in lieu of real estate taxes and local sales tax collected specifically for construction of TIF approved projects.
Capital Projects Construction Fund	Accounts for funds transferred internally to cover construction expenses designated for current and future construction projects budgeted as capital projects.
Transportation Capital Projects Fund	Accounts for funds transferred internally to cover construction expenses designated for current and future transportation construction projects budgeted as capital projects.

Proprietary Funds

Enterprise Fund - Enterprise Funds are used to account for business-type activities provided to the general public. These activities are financed primarily by user charges, and the measurement of financial activity focuses on net income measurement similar to the private sector. The reporting entity includes the following Enterprise Funds that are reported as major funds:

<u>Fund</u>	<u>Description</u>
Electric System Fund	Accounts for the acquisition, operation, and maintenance of the City's electric utility facilities and services.
Waterworks System Fund	Accounts for the acquisition, operation, and maintenance of the City's water utility facilities and services.
Wastewater System Fund	Accounts for the acquisition, operation, and maintenance of the City's sewer utility facilities and services.

Landfill/Solid Waste Fund

Accounts for the operation and maintenance of the City's solid waste services.

Internal Service Fund - The Internal Service Fund is used to account for the financing of fuel purchased and provided to other departments on a cost-reimbursement basis.

C. Measurement Focus and Basis of Accounting:

Measurement focus is a term used to describe “how” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

Measurement Focus

In the government-wide Statement of Net Position and the Statement of Activities, both governmental and business-type activities are presented using the economic resources measurement focus, within the limitations of the modified cash basis of accounting, as defined in item 2 below.

In the fund financial statements, the “current financial resources” measurement focus or the “economic resources” measurement focus, as applied to the modified cash basis of accounting, is used as appropriate:

1. All governmental funds utilize a “current financial resources” measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.
2. The proprietary funds utilize an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or noncurrent, financial or nonfinancial) associated with their activities are reported. Proprietary fund equity is classified as net position.

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities and the fund financial statements, governmental, business-type, and component unit activities are presented using a modified cash basis of accounting. This basis recognizes assets, liabilities, net position/fund equity, revenues, and expenditures when they result from cash transactions with a provision for depreciation in the government-wide statement and the proprietary fund statements. This basis is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

As a result of the use of this modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements.

If the City utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types would use the accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

D. Assets, Liabilities, and Equity:

Cash and Cash Equivalents

For the purpose of financial reporting, “cash and cash equivalents” include all demand and savings accounts and certificates of deposit or short-term investments with an original maturity of three months or less.

Capital Assets

The City’s modified cash basis of accounting reports capital assets resulting from cash transactions and reports depreciation where appropriate. The accounting treatment over property, plant, and equipment (capital assets) depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

Government-Wide Statements

In the government-wide financial statements, capital assets arising from cash transactions are accounted for as assets in the Statement of Net Position. All capital assets are valued at historical cost or estimated historical cost if actual is unavailable. Estimated historical cost was used to value the majority of the assets acquired prior to January 1, 2003. Infrastructure assets acquired since January 1, 2003 are recorded at cost. Infrastructure assets constructed by others and deeded to the City are recorded at their fair value when received by the City.

Depreciation of all exhaustible capital assets arising from cash transactions is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets’ estimated useful lives using the straight-line method of depreciation. A capitalization threshold of \$5,000 is used to report capital assets. The range of estimated useful lives by type of asset is as follows:

Buildings and Leasehold Improvement	15-50 years
Equipment and Vehicles	5-20 years
Infrastructure	30-50 years

Fund Financial Statements

In the fund financial statements, capital assets arising from cash transactions acquired for use in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets acquired for use in proprietary fund operations are accounted for the same as in the government-wide statements.

Long-Term Debt

All long-term debt arising from cash basis transactions to be repaid from governmental and business-type resources is reported as liabilities in the government-wide statements. Long-term debt arising from cash basis transactions of governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures. The accounting for proprietary funds is the same in the fund financial statements as the treatment in the government-wide statements.

Equity Classification

Government-Wide Statements - Equity is classified as net position and displayed in three components:

1. Net investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
2. Restricted net position - Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
3. Unrestricted net position - All other net assets that do not meet the definition of "restricted" or "net investment in capital assets."

It is the City's policy to first use restricted net position prior to the use of unrestricted net position when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

Fund Financial Statements - The City uses the following classifications of fund balance to describe the relative strength of spending constraints placed on the purposes for which resources can be used:

1. Nonspendable fund balance - amounts that are not in a spendable form (such as prepaids) or are required to be maintained intact;
2. Restricted fund balance - amounts constrained to specific purposes by their providers (such as grantors, bond holders, and higher levels of government), through constitutional provisions, or by enabling legislation;

3. Committed fund balance - amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint;
4. Assigned fund balance - amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority;
5. Unassigned fund balance - amounts that are available for any purpose; positive amounts reported only in the general fund.

The City Board of Alderman establishes (and modifies or rescinds) fund balance commitments by passage of an ordinance or resolution. This is typically done through adoption and amendment of the budget. A fund balance commitment is further indicated in the budget document as a designation or commitment of the fund (such as for special incentives). Assigned fund balance is established by the Board of Aldermen through adoption or amendment of the budget as intended for a specific purpose (such as the purchase of fixed assets, construction, debt service, or for other purposes).

E. Revenues, Expenditures, and Expenses:

Program Revenues

In the Statement of Activities, modified cash basis revenues that are derived directly from each activity or from parties outside the City's taxpayers are reported as program revenues. The City has the following program revenues in each activity:

<u>Revenue</u>	<u>Source</u>
General Government	Building Applications, Permits and Fees, Business License, Fund Receipts, Cemetery Receipts, and Grant Revenue
Public Safety	Grant Revenue, Court Costs and Fines
Transportation	Grant Revenue and Capital Contributions
Culture and Recreation	Pavilion Permits, Gate and Concession Stand Receipts, and Grant Revenue

All other governmental revenues are reported as general. All taxes are classified as general revenue even if restricted for a specific purpose.

Operating Revenue and Expenses

Operating revenues and expenses for proprietary funds and the similar discretely presented component unit result from providing services and producing and delivering goods and/or services. They also include all revenues and expenses not related to capital and related financing, non-capital financing, or investing activities.

F. Internal and Interfund Balances and Activities:

In the process of aggregating the financial information for the government-wide Statement of Net Assets and Statement of Activities, some amounts reported as interfund activity and balances in the fund financial statements have been eliminated or reclassified.

Fund Financial Statements

Interfund activity, if any, within and among the governmental and proprietary fund categories is reported as follows in the fund financial statements:

1. Interfund loans - Amounts provided with a requirement for repayment are reported as interfund receivables and payables.
2. Interfund services - Sales or purchases of goods and services between funds are reported as revenues and expenditures/expenses.
3. Interfund reimbursements - Repayments from funds responsible for certain expenditures/expenses to the funds that initially paid for them are not reported as reimbursements but as adjustments to expenditures/expenses in the respective funds.
4. Interfund transfers - Flow of assets from one fund to another where repayment is not expected are reported as transfers in and out.

Government-Wide Financial Statements

Interfund activity and balances, if any, are eliminated or reclassified in the government-wide financial statements as follows:

1. Internal balances - Amounts reported in the fund financial statements as interfund receivables and payables are eliminated in the governmental and business-type activities columns of the Statement of Net Position, except for the net residual amounts due between governmental and business-type activities, which are reported as Internal Balances.
2. Internal activities - Amounts reported as interfund transfers in the fund financial statements are eliminated in the government-wide Statement of Activities, except for the net amount of transfers between governmental and business-type activities, which are reported as Transfers-Internal Activities. The effects of interfund services between funds, if any, are not eliminated in the Statement of Activities.

G. Unemployment Insurance:

The City has elected to reimburse the state of Missouri for any unemployment claims paid instead of making quarterly contributions to the state.

H. Vacation and Sick Pay:

The City permits employees to accumulate a limited amount of earned but unused vacation and sick leave. Vacation time and sick leave are considered as expenditures in the year paid. Compensation will not be paid in lieu of actually taking a vacation. Accumulated vacation time is paid if employment is terminated. The accrued vacation time payable is not recorded in the financial statements since the cash basis of accounting is employed. Although the possibility that all employees will terminate in the upcoming year is remote, management estimates the potential liability at December 31, 2024 would have been \$200,174.

I. Total Columns on Combined Fund Financial Statements:

Total columns on the combined statements are captioned “Memorandum Only” to indicate that they are presented for analytical purposes only. Amounts in these columns do not present financial position, results of operations, or changes in financial position in conformity with accounting principles generally accepted in the United States of America. Neither are these amounts comparable to a consolidation. Interfund eliminations have not been made in computing these amounts.

J. Revenue Recognition - Property Taxes:

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on November 1 and are payable by December 31. All unpaid taxes levied November 1 become delinquent January 1 of the following year. Property tax rates for 2024 were levied on August 19, 2024. Taxes recorded in these financial statements are from the 2023 and prior tax levies.

K. Non-Cash Transactions:

Capital assets of the Proprietary Funds are often acquired by an appropriate fund with available cash. The value of these assets is then transferred to the Operations and Maintenance Funds, where they are capitalized.

L. Deposits:

City officials have not adopted formal investment policies for City monies. However, the City has determined through experience that checking accounts, passbook savings accounts, and certificates of deposit are appropriate types of accounts or instruments for its needs.

The City maintains at least one separate cash account for each fund. Each fund type’s cash is displayed on the combined statement of assets, liabilities, and fund balances arising from cash transactions as “Cash” and “Restricted Cash” under each fund’s caption. The deposits held at December 31, 2024 are as follows:

Deposits	
Demand Deposits	\$ 1,173,443
Interest Bearing Deposit Accounts	<u>41,006,785</u>
Total Deposits	<u>\$ 42,180,228</u>

The City holds petty cash of \$1,475.

Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City does not have a deposit policy for custodial credit risk. As of December 31, 2024, the bank balance was \$42,814,399, and there was no exposure to custodial credit risk.

Reconciliation to Statement of Net Position:

Cash	\$ 35,430,191
Restricted Cash	6,751,512
Petty Cash	<u>(1,475)</u>
Total Deposits	<u>\$ 42,180,228</u>

M. Pensions:

For the purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Missouri Local Government Employees Retirement System (LAGERS) and additions to/deductions from LAGERS fiduciary net position have been determined on the same basis as they are reported by LAGERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

N. Subsequent Events:

In preparing these financial statements, the City has evaluated events and transactions for potential recognition or disclosure through May 27, 2025, the date the financial statements were available to be issued.

2. RETIREMENT PLAN

General Information about the Pension Plan

A. Plan Description:

The City's defined benefit pension plan provides certain retirement, disability, and death benefits to plan members and beneficiaries. The City participates in the Missouri Local Government Employees Retirement System (LAGERS). LAGERS is an agent multi-employer, statewide public employee pension plan established in 1967 and administered in accordance with RSMo. 70.600-70.755. As such, it is LAGERS' responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and is tax exempt. The responsibility for the operations and administration of LAGERS is vested in the LAGERS Board of Trustees consisting of seven persons. LAGERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by accessing the LAGERS website at www.molagers.org.

B. Benefits Provided:

LAGERS provides retirement, death, and disability benefits. Benefit provisions are adopted by the governing body of the employer, within the options available in the state statutes governing LAGERS. All benefits vest after 5 years of credited service. Employees who retire on or after age 60 (55 for Police and Fire) with 5 or more years of service are entitled to an allowance for life based upon the benefit program information provided below. Employees may retire with an early retirement benefit with a minimum of 5 years of credited service and after attaining age 55 (50 for Police and Fire) and receive a reduced allowance.

	<u>February 28, 2024 Valuation</u>
Benefit Multiplier:	2% for Life
Final Average Salary:	3 Years
Member Contributions:	0%

Benefit terms provide for annual post retirement adjustments to each member's retirement allowance subsequent to the member's retirement date. The annual adjustment is based on the increase in the Consumer Price Index and is limited to 4% per year.

C. Contributions:

The employer is required to contribute amounts at least equal to the actuarially determined rate, as established by LAGERS. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance an unfunded accrued liability. Full-time employees of the employer do not contribute to the pension plan. Employer contribution rates are 12.3% (General), 15.9% (Police), and 17.5% (Fire) of annual covered payroll.

3. LONG-TERM DEBT

Missouri statutes limit the amount of general obligation debt that a city can issue to a percentage of the total assessed value of taxable property located within that city's boundaries. The legal debt margin for the City of Jackson is \$60,304,326.

Long-term debt outstanding at December 31, 2024 consisted of the following:

Business-Type Activities:

Combined Waterworks and Sewerage System	
Revenue Bonds Series 2019	\$ 2,705,000
Combined Waterworks and Sewerage System	
Revenue Bonds Series 2016	2,170,000
Equipment Lease Purchase Agreement Series 2015	100,000
Certificates of Participation Series 2013	470,000
Combined Waterworks and Sewerage System	
Revenue Bonds Series 2023	<u>3,340,000</u>
Total	<u>\$ 8,785,000</u>

Following is a summary of changes in long-term debt for the year ended December 31, 2024:

Long-Term Debt, January 1, 2024	\$ 9,685,000
Additions	-0-
Retirements	<u>(900,000)</u>
Long-Term Debt, December 31, 2024	<u>\$ 8,785,000</u>

Combined Waterworks and Sewerage System Revenue Bonds Series 2019 in the original amount of \$4,000,000, dated February 5, 2019. The outstanding balance due at December 31, 2024 was \$2,705,000 bearing interest and maturing as follows:

<u>Due Date</u>	<u>Rate</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>

Capital Assets Not Being Depreciated:				
Land, Improvements, and				
Construction in Progress	\$ 11,058,407	\$1,856,170	\$ (4,717,469)	\$ 8,197,108
Equipment	9,532,610	196,952	(174,384)	9,555,178
Plant	<u>82,356,731</u>	<u>5,088,824</u>	<u>-0-</u>	<u>87,445,555</u>
Total Assets at Historical				
Costs	\$ 102,947,748	\$7,141,946	\$ (4,891,853)	\$ 105,197,841
Less Accumulated				
Depreciation	<u>(50,780,630)</u>	<u>(2,159,806)</u>	<u>174,384</u>	<u>(52,766,052)</u>
Capital Assets, Net	<u>\$ 52,167,118</u>	<u>\$4,982,140</u>	<u>\$ (4,717,469)</u>	<u>\$ 52,431,789</u>

Depreciation was charged to functions as follows:

Governmental Activities:	
General Government	\$ 54,067
Public Safety	523,176
Judicial and Court Related	805
Transportation	859,671
Culture and Recreation	<u>313,467</u>
Total Depreciation Expense	<u>\$ 1,751,186</u>
Business-Type Activities:	
Electric System	\$ 744,843
Waterworks System	548,140
Wastewater System	824,521
Landfill/Solid Waste	<u>42,302</u>
Total Depreciation Expense	<u>\$ 2,159,806</u>

5. RESTRICTED FUNDS

Ordinances require that 60% of funds deposited to Water and Sewer Surplus in the Water and Sewer Enterprise Account must be used to redeem bonds before maturity or to extend and improve the system. For the current year, the restricted amount is computed as follows:

60% of the Distribution of Net Operating	
Revenue for the Year Ended December 31, 2024	\$ 1,191,979
Amount, Subject to Above Restrictions, at	
December 31, 2023	<u>612,960</u>
Subtotal	\$ 1,804,939
Less Amount Expended in Connection with Systems	<u>1,109,061</u>
Restricted Net Position-Water and Sewer Surplus	<u><u>\$ 695,878</u></u>

Restricted Net Position Balances are as follows:

Water and Sewer Construction Account	\$ 3,249,001
Electric Capital Projects Accounts	3,437,558
Water Revenue Bond Account	29,110
Water Depreciation Reserve Account	30,000
Water Bond Reserve Account	50,003
Water Contingent Account	30,000
Water Replacement Account	798,662
Wastewater Replacement Account	<u>1,062,497</u>
Total Restricted Net Position	<u><u>\$ 8,686,831</u></u>

The following Government Fund Balance constraints are also in effect:

Restricted

Road Use Tax	\$ 942,550
Fire Protection Sales Tax	3,333
Transportation Sales Tax	1,308,028
Recreational Sales Tax	362,272
Public Safety Sales Tax	1,000
Economic Development Fund	931,369
Community Development Block Grant	<u>60,746</u>
Total Restricted	<u><u>\$3,609,298</u></u>

Committed

Transportation Capital Projects Fund	\$ 624,414
Storm Water Maintenance	311,891
I-55 Allocation	2,318
Capital Projects Fund	2,552,682
Inmate Security	17,749
Cemetery	1,015,803
Band	35,196
City Park	209,315

Public Park Foundation	215,475
Equitable Sharing	<u>3,617</u>
Total Committed	<u>\$4,988,460</u>

Assigned

Sales Tax	\$2,359,320
Health Insurance	1,236,420
Recreational Development	<u>43,377</u>
Total Assigned	<u>\$3,639,117</u>

6. RISKS OF LOSS

The City is exposed to risks of loss through claims on property owned, damage to property owned, official and employee liability, workers' compensation claims, and risk of loss of employee or individual injury. The City handles these risks of loss through the purchase of commercial insurance policies. There was no significant reduction in insurance coverage during the year. Claims have not exceeded coverage in each of the last three years.

The City is insured under a retrospectively-rated policy for workers' compensation coverage, where the initial premium may be adjusted based on actual experience. Adjustments in premiums are recorded when paid or received. During the year ended December 31, 2024, there were no significant adjustments in premiums based on actual experience.

7. USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

8. COMMITMENTS

At December 31, 2024, the City was committed to the following significant projects:

Project	Amount Committed	Expended by December 31, 2024	Remaining Commitment as of December 31, 2024
Wastewater Facility Plan Implementation Project	\$ 1,561,000	\$ 1,081,980	\$ 479,020
North High St & Deerwood Drive Roundabout	355,741	184,849	170,892
Circuits 8 and 21 Upgrade	577,865	-	577,865
Splash Pad Construction Project	383,795	-	383,795
Splash Pad Construction Project	50,000	14,112	35,888
Kimbeland Pump Station Upgrade	2,076,470	1,709,123	367,347
Jackson North Industrial Park Infrastructure Improvements	78,361	54,205	24,156
Jackson North Industrial Park Infrastructure Improvements	668,415	207,062	461,353
Water System Facility Plan Implementation Project, Phase 2, Project 2D	1,315,830	752,622	563,208
Jackson Street Hockey Concert Project	74,100	-	74,100
East Jackson Blvd. Roadway Lighting Project	86,075	33,875	52,200
Litz Park Pavillion	33,600	23,344	10,256
Jackson Fire Department Building Renovations Project	3,618,700	967,499	2,651,201
Jackson Fire Department Building Renovations Project	300,000	227,092	72,908
E. Main St. Sidewalk Rehab. Proj.	94,313	88,004	6,309
	<u>\$ 11,274,265</u>	<u>\$ 5,343,767</u>	<u>\$ 5,930,498</u>

9. TAX ABATEMENT

The County is authorized under the provisions of Article VI, Section 27(b) of the Missouri Constitution and Sections 100.010 through 100.200, RSMo to purchase and improve projects and to issue industrial development revenue bonds for the purpose of providing funds to pay the costs of the projects. So long as the County owns title to the project, the project will be exempt from ad valorem taxes on real property. During the 12-year period of tax abatement (2012 through 2024), the lessee of the property has agreed to pay payments in lieu of taxes (PILOTS) equal to 50% of the actual real property taxes that would have otherwise been payable with respect to the project.

During the year ended December 31, 2024, the taxes applicable to the City that were abated totaled \$3,512 under the agreement noted above. This lessee is the only company or individual with taxable property located within the City that received an abatement during 2024.

10. RELATED PARTY TRANSACTIONS

The City is expanding a street and other infrastructure to reach two properties they own in the industrial park. The cost is expected to be approximately \$900,000. Approximately 85 percent of the cost of the project will be funded by federal grants. The public street will benefit a company that is owned by an elected official, three vacant city lots that are being marketed for commercial development, and a city owned well and water tower. However, to secure the grant, the elected official's company had to pledge an additional investment of \$4.8 million in commercial facility, machinery and equipment, and site preparation.

NOTES TO BUDGETARY COMPARISON SCHEDULE

December 31, 2024

1. BUDGETARY INFORMATION

The Budgetary Comparison Schedule presented as supplemental information presents comparisons of legally adopted budgets with the actual data. Budgetary data is developed using the cash basis of accounting, which is an accounting basis other than accounting principles generally accepted in the United States of America.

On December 18, 2023, a public hearing was held in connection with adoption of the proposed budget for 2024. Excess disbursements and transfers were formally approved by budget amendment by the Board of Aldermen on February 3, 2025.
