

## FREE SPECIAL PICKUP PROGRAM

Effective January 1, 2020, the Clean-Up/Fix-Up Week program has been replaced by an annual free special pickup for **active** City of Jackson solid waste customer locations.

The City will offer the free special pickup by appointment on Monday, Tuesday, or Thursday, excluding weeks that include City-observed holidays. Each residential trash pickup location will be allowed one free special pickup per calendar year. Pickups must be scheduled by 3:00 p.m. the business day before the requested date of pickup.

Participants must place items at the curb by 8:00 AM on their Scheduled Pickup day. Additional labor and equipment will be necessary in some cases, so actual collection time will vary.

Instructions for the new Special Pickup Program:

1. The normal three (3) trash bag limit is not enforced for the participant on the customer's Special Pickup day. All items must be placed at curbside by 8:00 a.m.
2. Discarded commodes must be dismantled with tank and bowl separated or the item will not be picked up.
3. **All eligible items placed at curbside will be disposed of - including trash cans, boxes, bags, and other containers. All household trash must be bagged, tied, or bundled. Carpet and padding must be cut, rolled, and bound in lengths 4 feet or less.**
4. No yard waste will be collected on the Special Pickup day.
5. **Paint cans must contain only dried out paint and have the lid removed.**  
To decrease drying time for old paint, mix in kitty litter and let dry with lid off.  
**NO SEALED CANS ARE ACCEPTED FOR DISPOSAL.**
6. No electronic waste will be collected including, but not limited to, appliances, televisions, computer monitors, and other miscellaneous electronics. Under the City's E-cycle program, customers can dispose of these items daily at a drop-off point at the Recycling Center, free or for a small fee.
7. Other items not collected on the Special Pickup day are appliances (all types), tires, batteries, motor oil, concrete, railroad ties, automobile parts, pesticides, or hazardous materials.
8. A four (4) cubic yard limit applies on the amount of solid waste placed at curbside during the Special Pickup day. Four (4) cubic yards is a square that is approximately 7' long by 4' wide by 4' deep. For items longer than 10' long, it is recommended they be cut into 5' lengths.
